Reviewer Note

Congratulations on completing the project 🙌💣🎉

You did a great job to include all stats and all were working perfectly. 🙌

Website Files

- ✓ All website files should be added to the S3 bucket. ▼
- ✓ The permission access to the bucket should be configured. ▼
- ✓ The bucket configuration should be set up to support static website hosting. ▼
- ✓ The student has created a S3 bucket. ▼

Website Distribution

- ✓ The website should be distributed via Cloudfront. ▼

Web Browser Access

- ✓ Is the website publicly accessible? ▼
